DESCRIPTION

Exceptional Grand Home on over an acre in one of Parker’s most peaceful and picturesque neighborhoods. Designed with eye-catching details and accommodating spaces ideal for both entertaining and relaxing downtime at home, this expansive residence offers refined interiors, resort-style outdoor living, and the kind of space and freedom that’s hard to find. A dramatic double staircase sets the tone upon entry, framed by soaring ceilings, wood flooring, and elegant architectural detail throughout. At the heart of the home, a stylish kitchen centers around a 10-foot island with stainless steel appliances, butler’s pantry, and wine room perfectly positioned for hosting or day-to-day ease. The floor plan is as functional as it is impressive, with formal living and dining, an executive office, generous storage, and three separate staircases offering private access to each wing. A guest suite on the main level provides privacy and comfort for overnight guests, while every bedroom features walk-in closets and ensuite or adjacent baths. The primary retreat offers spa-inspired touches, including a jetted tub, frameless glass shower, and fireplace. Upstairs, enjoy a game room, media room, Juliet balcony, and both front and rear outdoor terraces offering scenic views of the lot and neighborhood. Downstairs, a rear porch with retractable electric screens leads to a backyard oasis, complete with a heated pool and spa, travertine decking, and a full outdoor kitchen with built-in grill, flattop, sink, and refrigerator. The screens on the covered patio and a fourth fireplace add year-round comfort. Additional upgrades include a brand-new roof and gutters, electric shades, a sprinkler system, security cameras, and a drive-through gated porte-cochere. This is luxury living with abundant space and freedom just minutes from Southfork Ranch, desirable schools, and convenient access to local amenities, yet quietly removed from the city’s hustle.
