DESCRIPTION

Attention to detail defines this stunning penthouse-level residence in the W Dallas South Tower. Offered fully furnished, this essentially brand-new condominium was completed in 2025 following more than two years of thoughtful, seller-driven custom build-out, with no expense spared to create a highly functional and luxurious floor plan. Highlights include Herringbone European white oak hardwood floors flow throughout the home, complemented by a versatile den ideal for a home office or additional guest room. The chef's kitchen is a true showpiece, featuring a custom-colored La Cornue French induction range, custom brass metal hood, Sub-Zero refrigerator, and an oversized natural stone island, all seamlessly open to the living area for effortless entertaining. A striking bar area showcases a Cristallo countertop and backsplash, along with a Sub-Zero under-counter beverage refrigerator. The primary suite is a serene retreat, highlighted by grasscloth wallpaper and a spa-inspired bath with marble countertops and a matching marble shower. A dedicated coffee bar with under-counter Sub-Zero refrigeration and a custom-built walk-in closet complete the suite. The spacious guest suite offers its own ensuite bathroom for added privacy. Enjoy outdoor living on the oversized terrace overlooking Victory Park. Further enhancements include include Lutron lighting throughout, electric shades, and custom drapery, Sonos speakers in every room, LED recessed lighting throughout, custom doors, and designer decorative light fixtures to name a few. The residence includes two assigned parking spaces and offers a true lock-and-leave lifestyle. Ideally located, step outside to premier shops, restaurants, American Airlines Center, Katy Trail, museums, Klyde Warren Park, Uptown, and the Goldman Sachs building.
