DESCRIPTION

Sophisticated architecture and exceptional craftsmanship define this newly constructed 5-bedroom, 5-bath residence, thoughtfully designed for everyday living. A dramatic entry with natural stone flooring and soaring ceilings sets an immediate tone of understated luxury. Genuine wide-plank hardwood floors extend throughout the home, leading into the main living area flooded with natural light and anchored by a striking limestone clad fireplace. The open concept layout seamlessly connects to a chef's kitchen that serves as both the heart of the home and a design statement featuring top-tier appliances, custom cabinetry with illuminated uppers, designer tile selections, and stunning white quartzite countertops. A over sized walk-in pantry, dedicated wine and coffee bar, and mudroom enhance the first floor living area. A thoughtfully appointed home office or secondary bedroom with floor to ceiling windows and an adjacent full bath offers flexibility to work from home or guest suite, add a murphy bed to accommodate both. The first floor primary suite overlooks the backyard, featuring a spa inspired bath with a vessel soaking tub, oversized walk-in shower with multiple shower heads, and dual vanities. A custom designed closet with built-ins, dressing area, and direct access to the laundry room enhances both convenience and flow. Throughout the home, each bathroom is finished with bespoke tile work, designer lighting, and high-end fixtures, reflecting a consistent commitment to quality. Upstairs, a secondary living area and media game room with surround sound and a fully equipped bar create an ideal environment for entertaining. Three additional bedrooms, two en suite and one with adjacent full bath complete the second level.
