DESCRIPTION

Not all renovations are created equal! This 1929 storybook home has been taken to the studs and revived with unmatched vision, a craftsman's eye, and a designer's touch. Its crisp painted façade, pitched rooflines, and original Ludowici clay tile roof—enhanced with an Ice Shield water barrier, copper gutters, non-lacquered copper lighting, and all-new Anderson windows and Durango doors—create stunning curb appeal. Taken to the studs, the home was completely renovated with new electrical, plumbing, and a reimagined layout for today's living. The kitchen is a showpiece with dual pantries, AGA 3-oven range, custom brass-and-stainless vent hood, a charming breakfast nook and herringbone hardwood floors. The formal dining room is anchored by the home's original restored Waterford chandelier, while Durango doors open to a patio shared with the living room. Dramatic designer lighting and a honed marble fireplace surround imported from Italy define the light filled living area.. Upstairs, the primary suite offers custom built-ins, spa-like bath with marble counters, dual vanities, and walk-in California Closet. Three additional en-suite bedrooms provide built-ins wardrobes. California closets cabinetry in all bedrooms and laundry room. The lower level has been transformed with an open living area, insulated cedar wine cellar, powder bath, extensive cabinetry, and add'l laundry space. Fully renovated with cement walls, ceilings, and water barrier, it's perfect for entertaining and storage. Outdoor living impresses with bricked patios, porches, and a covered drive redesigned as a luxury entertaining area with Twin Eagle pellet grill and cabinetry. Upgrades include new sewer line, leak defense system, Carrier HVAC units, Navien tankless water heaters, closed-cell foam encapsulation, and whole-house water filtration. This rare gem combines timeless character with high-end modern updates—meticulously renewed and move-in ready. *Full list of home features available.
