DESCRIPTION

This gorgeous home features two bedrooms on the first floor and two bedrooms upstairs, which is a perfect arrangement for all members of the family. As you enter, you'll immediately notice the 18-foot ceilings which carry through to the family room where you'll be equally impressed by the stacked double set of windows. This home features a chef's kitchen, complete with a walk-in pantry, extensive countertops and a window for extra light. Enjoy working from home or simply reading a book in the beautiful study. The main bedroom suite is tucked away at the back of the home for maximum privacy and includes double vanities, a soaking tub, separate shower and an oversized walk-in closet. The spacious game room with storage closet is open to below and the adjacent media room make this area a haven for entertaining family and friends. The upstairs bedrooms are separated from the entertainment area providing a quiet zone for kids or guests. The 12x9 outdoor living area is an included feature for this plan and will extend your living space dramatically and the garage features extra storage as well.
