DESCRIPTION

Step into luxury living with this architectural gem on an expansive 70'-wide lot in University Park—tucked behind the wall on a quiet cul-de-sac street, just a short walk to Boone Elementary in HPISD. Custom-built by Anderson Homes, this transitional modern showplace is the ultimate expression of luxury, design and craftsmanship. A dramatic La Cantina glass entry leads to soaring ceilings, natural textures, and sleek architectural lines—flooded with natural light and layered in rich designer detail. Every element is curated: from the 6" white oak floors and Jeld-Wen wood-clad windows and doors to walnut-accented cabinetry, quartz and porcelain tile surfaces and designer lighting. The seamless indoor-outdoor flow elevates both daily living and entertaining. At the heart of the home, the open-concept great room is anchored by a sleek linear fireplace and a dramatic Restoration Hardware chandelier—framed by sliding glass doors that open wide to the terrace and backyard oasis beyond. This intentional indoor-outdoor connection transforms the space, merging relaxed elegance with effortless entertaining. The great room flows into a chef's kitchen—complete with oversized quartz waterfall island, premium Thermador appliances, custom cabinetry, and a sunlit dining area. Also on the main level: a serene primary suite with a spa-worthy bath and boutique-style walk-in closet, a private guest suite, and a dedicated study. Upstairs, three spacious ensuite bedrooms connect to a large game room with wet bar and sliding doors to a covered balcony—an elevated retreat for morning coffee or evening cocktails—and a media room offers the ultimate cinematic experience. The illuminated backyard—designed by Radiant Gardens and Southern Botanical—is a private retreat with a covered terrace and open patio with cedar-shaded arbor, dramatic trickling wall fountain, and a turfed lawn ready for a future pool. Rare in both scale and sophistication, this home defines luxury in the heart of HPISD.
