Nestled on a quiet, tree-covered lot in coveted Bluffview, this just-two-year-old home blends timeless design with modern luxury and exceptional functionality. Offering four bedrooms—all with ensuite baths—and four and a half baths, the thoughtfully designed floor plan features a serene first-floor primary suite with a spa-like bath, oversized closet, and a convenient secondary utility room. White oak floors flow throughout the home, complemented by current neutral paint, automatic shades, and an abundance of natural light streaming through expansive windows. Designed for both everyday living and entertaining, the home includes a media room, a large playroom, and an upstairs built-in office or craft space. Storage is exceptional, with two massive storage rooms, large walk-in closets in every bedroom, and additional storage closets throughout. The two-car garage is equipped with dual EV chargers, and an additional front parking pad adds everyday convenience. Outdoor living is equally impressive, with turfed front and back yards, a covered outdoor living area, and extended backyard patios—perfect for relaxing or hosting gatherings.
