## DESCRIPTION

An Architectural Masterpiece by 5West Homes Step into a home that feels less like a residence and more like a curated exhibit—where every detail is intentional, elegant, and worthy of admiration. This stunning showcase by 5West Homes is a modern gallery of craftsmanship, thoughtfully designed to elevate daily living into an art form. White oak hardwoods stretch throughout the main level like refined brushstrokes, guiding you past professional-grade appliances, designer lighting, and a kitchen anchored by a sculptural, oversized working island. Floor-to-ceiling steel-framed windows and museum-finish walls transform natural light into an artistic medium, framing the treetops, pool, and outdoor living areas as ever-changing works of art. The floating staircase alone could be the centerpiece of a museum—light, architectural, and breathtaking. It rises beside a dramatic two-story wall of glass overlooking the pool, fire-pit lounge, and alfresco dining terrace. The grand front walk-up with double doors sets an immediate tone: this is a home meant to impress. Downstairs, the private office and guest suite offer elevated comfort, while upstairs hosts four additional bedrooms—each with its own adjacent full bathroom—culminating in a secluded primary sanctuary with vaulted ceilings and serene treetop views. A spacious upstairs utility room complements the large downstairs mudroom with its own utilities, ensuring beauty and function exist in equal measure. The living and dining spaces are flanked by a solid walnut wine display wall—an artistic installation in its own right—easily reimagined as a butler's pantry for the entertainer. The marble-wrapped fireplace stands as a striking focal point, framed by windows that invite the landscape inside and create a sense of peaceful connection. A rear-entry oversized two-car garage preserves privacy while an additional front parking pad provides easy, quick access for guests or everyday convenience.
