DESCRIPTION

This luxury home is for the discerning buyer who values architecture, light, privacy and location - all in one of Dallas' most coveted neighborhoods. Bold in scale yet refined in execution, the home is filled with natural light and expansive open spaces designed for both grand entertaining and effortless daily living. The luxury grade kitchen balances beautifully into the living area where the fireplace creates a striking gathering place. Attached to the outdoor patio is the game room with it's bar. Every bedroom is a private suite with its own ensuite bath and generous walk in closet. Upstairs, the primary bedroom makes its own impression, complete with walkout balcony - ideal for morning coffee above the treetops or stargazing on a clear night. The backyard is intentionally low-maintenance - a sophisticated solution for the buyer who prefers time at nearby White Rock Lake, travel and a social life over yard work. The outdoor space offers refinement without responsibility - and a beautiful covered outdoor room. This home simply cannot be contained in one paragraph and must be experienced. 4010 Sperry isn't just a house - it's a lifestyle. Appraised at 3,100,000
