This 3-bedroom, 3.5-bath home features amazing natural light throughout. Guests will love the beautiful stone path leading to your front door. The ground level includes a two-story foyer, a dedicated home office, and a generous bedroom with ensuite bath. You'll enter the home through your RARE three-car garage — hard to find in Uptown. The garage offers ultimate flexibility for extra storage or even a home gym. The second level features a large living area, half bath, pantry, kitchen, and dining room. The elegant kitchen includes a wall of new cabinetry, copper apron sink, new quartz countertops, new pendant lighting, stainless appliances, and a new wine fridge. Warm hardwood flooring connects the spaces and highlights the new custom built-ins. An enormous dining room can handle a crowd with ease, while the living room expands outdoors to a private balcony with a cozy fireplace — the perfect place to start or end your day. The third level features a spacious primary suite with spa-style bath, oversized glass shower, dual vanities, and a generous walk-in closet with built-ins. All bathrooms have been updated with new quartz surfaces for a fresh, modern feel. The primary bedroom floats above the treetops and offers a large seating area next to a Juliet balcony. Two people working from home? No worries — there is a second office adjacent to the primary bedroom sitting area. The sky is the limit on the expansive rooftop deck, complete with pergola, water connections, and turf grass — perfect for entertaining, relaxing, or enjoying the Dallas skyline. Your new home also includes a private elevator to effortlessly transport you, your luggage, your Costco order, and all your Amazon finds. Residents enjoy access to the sparkling community pool, all just steps from the Katy Trail, West Village, dining, shopping, and nightlife.
