DESCRIPTION

6239 Park Lane has been beautifully reimagined by renowned Mills Custom Homes, blending timeless design with elevated finishes throughout. Nearly every surface has been updated, including new plumbing fixtures, countertops, designer tile, hardware, curated lighting, fresh paint, wallpaper, and more! The first-floor primary suite offers a private retreat and includes an attached flex space ideal for a home office, fitness room, or sitting area. The space was thoughtfully designed with the option to add a second primary bathroom and closet, providing flexibility for future customization. The home features 5 bedrooms and 5 full bathrooms, with generously sized secondary bedrooms that are all ensuite and include large closets. Upstairs, a spacious game room with vaulted ceilings provides additional living space, along with a separate media room for entertaining. The reconfigured bar serves as a striking focal point and features a floor-to-ceiling, temperature-controlled wine room designed to showcase approximately 200 bottles. Additional highlights include utility rooms for full-size washer and dryer on both the first and second floors and a private elevator connecting levels. The outdoor living space has been completely refreshed with a remodeled pool and all new landscaping, including turf in the backyard for easy maintenance and year-round beauty. A rare opportunity to own a fully updated home in the heart of Preston Hollow. Expected completion summer of 2026.
