DESCRIPTION

CALLING ALL CAR COLLECTORS. Experience modern luxuries in this Custom Home Built in 2009. This home boasts features like a large kitchen island. Secluded Primary Bedroom to reduce noise from the rest of the house. A space where an elevator could be put in (currently has a fireman's pole), Master Office and a Large Media Room that could fit the whole family. However, the best and most unique aspect of this home is the 2,801sqft shop that is located in the backyard. This shop could fit up to 15 cars, and that is not including the 3 car ports attached to the main home. This shop is built just like the main home, meaning it is fully insulated, heated and cooled, and could act as a mother-in-law suite. The best attribute this home has is the immense amount of storage located within this home. This home is located on a small, private street that gets very little traffic. Huge Cedar Elms cover the property providing shade and noise reduction. And a few cherry blossom trees call this landscape home. There are very few homes that have such a prime location, with no HOA and a large, ready-to-be-used shop. Call listing agent to schedule an appointment to see this one-of-a-kind home. 24 Hour Notice for All Showings.
