2 baths

DESCRIPTION

1331 6th Ave sits just steps from the vibrant West Magnolia district in Fort Worth's historic Fairmount neighborhood, with roots dating back to the 1800s. Unlike many homes in the area, this newer build offers more manageable upkeep while honoring the historical requirements of Fairmount. A standout feature is the detached garage with approximately 361 sqft of finished living space above, complete with a full bathroom that's well-suited for guests, a home office, or separate living quarters. The main home features an inviting front porch and a layout filled with natural light from energy-efficient double-pane windows. The kitchen offers ample cabinetry, black granite countertops, a five-burner gas range with skillet, and stainless steel appliances. Built-in storage is abundant throughout, and a gas log fireplace anchors the main living area. The primary suite is split from the secondary bedrooms and includes a jetted tub, separate shower, and a large walk-in closet. Outside, a wood fence encloses the flagstone patio to create a more private, low-maintenance space with room to enjoy without heavy upkeep. If you're searching for a newer home with historic charm and fantastic walkability to shops and restaurants, then your search ends here!
