DESCRIPTION

Featured on a one acre homesite. This home plan begins at the covered front porch and entry, where a home office and formal dining room are positioned before the layout opens into the kitchen with an island with built-in seating, a monogram 6-burner gas range, and a butler's pantry. The floor plan continues through the morning area into the family room with wall of windows and a wood mantel fireplace leading to the covered backyard patio, while the primary suite is privately located at the rear of the home and includes a bathroom with a glass-enclosed shower, a freestanding tub, and two walk-in closets. Three secondary bedrooms are arranged along separate corridors near a centrally located game room and a media room and are served by three full secondary bathrooms and one-half bath. This home plan includes a utility room and mud room off of the three-car garage.
